

# Test Execution Report

|                 |                         |
|-----------------|-------------------------|
| Application:    | sampleStructure         |
| Execution Date: | 17-Dec-2020, 9:15:14 pm |

## Execution Parameters

|                        |           |
|------------------------|-----------|
| Test Type:             | WEB       |
| Execution Browser:     | chrome    |
| Close Browser:         | true      |
| Execution Tag:         | {"@test"} |
| Execution Environment: | localhost |
| Record Video:          | true      |

## Summary

|                                 |                                    |
|---------------------------------|------------------------------------|
| Total number of test scenarios: | 0                                  |
| Test Start Time:                | 12/17/2020 21:15:10                |
| Test End Time:                  | 12/17/2020 21:15:14                |
| Total Time for Test Execution:  | 0 Days 0 Hours 0 Minutes 4 Seconds |

| Execution Results |
